Apollo 600 Blast Helmet DS-28-3

Clemco Apollo 600 Helmet with Cape, Belt, and Air Control Unit

The selection and use of the correct Personal Protective Equipment is essential to effectively protect employees from risk or harm by creating a barrier against workplace hazards.

As part of a system the Clemco Apollo 600 provides essential protection from impact of abrasive, noise, and respiratory hazards. It improves upon the successful Apollo 60 design by adding an improved breathing air supply connection, visual indicator for low air flow, and user-friendly head strap adjustment mechanism.

FEATURES:

- Complies to BS EN 14594 - Respiratory protective devices. Continuous flow compressed air line breathing devices
- Triple screen system consisting of a polycarbonate inner, intermediate, and tear-off outer.
- Visual indicator for low air flow
