## Graco King Airless Sprayer DS-76

The Graco King airless industrial pneumatic sprayers are easy-to-maintain, with low pulsation for improved performance. Dependable, durable and rugged. Their design ensures superior performance, even in oily, cold, dirty and wet air environments.

### POPULAR MODELS AND SPECIFICATIONS

Model	Lower Pump Displacement	Output at 60 cycles / min	Max Output Pressure	Weight (kg)
K60FH1	220 cc	12.9 ltr/min	6000 psi	112
K70FH1	180 cc	11.0 ltr/min	7250 psi	110

### Features :

- Supplied as a ready to go package – with XTR Spray Gun, 15m x 3/8 paint hose with ¼ whip hose, Suction Hose, Filters and Reverse-a-Clean Spray Tip.
- Example Applications: high solids coating, epoxies, zinc rich coatings, fireproofing and protective coatings, ship and marine, bridges, pipe and tank coating, railcars.
- Simple maintenance - air motor has 50% less parts compared to the NXT valve.
- Improved icing performance - Thermally isolated poppets reduce icing by up to 70%.
- Less pulsation - higher exhaust capacity for faster, smoother changeover.
- Improved lower sealing and strength with seven throat pickings instead of five.
- MaxLife™ Lowers providing unmatched durability.

Note : These products provide optimum and safe performance only when used in accordance with manufacturer's instructions, with suitably trained operators, and when provided with adequate recommended power requirements.
