Surface Finishing
Equipment Group

AIR RECEIVERS

Small Floor Standing Receiver
Approx. 25 liters capacity

Large Wheel Mounted Receiver
Approx. 400 liters capacity

FUNCTIONS:

Our Air Receivers or 'Air Pigs' have 2 main functions :

- Act as a manifold to allow a single air source from a compressor to be distributed to several pieces of equipment.
- Act as a reservoir to hold air pressure and minimise fluctuations in air volume and pressure which could affect the operation of the equipment.

FEATURES:

- Small receivers are often used to distribute air to air tools.
- Larger receivers also act as a water separator and are used to supply blast pots.
- The manufacture conforms with 97 / 23 / EC Pressure Equipment Directive.
- A Safety Pressure Relief Valve is fitted for safety purposes.
- A drain valve can be fitted to allow water / oil to be drained away
- Variety of sizes available and can be fitted with a choice of valves and hose connections.

ORDER CODES	
Order Code	Description
MS10P	Small - Floor Standing Receiver
MS24AR	Large - Upright Receiver
