# NOVA 2000 BLAST HELMET

Standard  
Helmet with  
Cape

Helmet Construction shown above

Tear Off Visors ensure good visibility

The selection and use of the correct Personal Protective Equipment is essential to effectively protect employees from risk or harm by creating a barrier against workplace hazards. As part of a system our Nova 2000 air fed Blast Helmet provides essential protection from impact of abrasive, noise, and respiratory hazards.

**FEATURES :**

- CE and NIOSH approved.
- Air duct system diffuses an even air flow in the helmet to cool the user and reduce fogging.
- Protection via outer, intermediate (optional), and inner viewing lenses. Tinted lenses available.
- Replaceable pillow foam padding - ensures the helmet sits comfortably on your head.
- Tough helmet shell - made of high density polyethylene, and abrasion resistant.
- Low Flow Indicator in view of the operators line of vision shows if air flow drops below HSE stipulated 170 l/min.
- Multi layered sound deadening foam - makes helmet one of the quietest available.
- Tough nylon cape (hi-vis version available) and detachable inner muffler.
