RADEX BREATHING AIR FILTER

Standard Radex used with Stand in
Floor Mount Position

Radex used with Wall Mount,
and optional inlet regulator and
6 outlet manifold

Spare Cartridges :

On Left –
Spare Cartridge for Radex
(also fits Bullard style)

On Right – Spare Filter for
Clemco Type Filters

The Radex Breathing Air Filter is a 6 stage cartridge filter which can remove oil / water mists and particulate pollutants down to 0.5 micron from the compressed air stream.

FEATURES :

- Removes moisture, particulates, and odour from the compressed air stream.
- Date Sticker - ensures you can schedule filter cartridge replacement.
- Safety Valve safeguards the filter / respirators from over pressure.
- Outlet Pressure Regulator.
- Can be mounted in a wall or floor position via twist and lock mount.
- Drain Tap - Allows easy draining of collected condensates.
- Can be supplied with a variety of inlet / outlet options such as claw coupling.

SPECIFICATION :

- Capacity – 1-2 helmets in standard form (conversion up to 6 helmets available)
- Safety Valve – 125 psi
- Standard : Inlet : 1" bsp female / Outlet : CEJN / Rectus style QR coupling

The ideal companion to the NOVA 2000 Blast Helmet or Sperian Air Fed Mask.

Notes :

Does not remove toxic gases such as carbon monoxide.

This product only provides correct performance when used in accordance with manufacturer's instructions
