Blasting Training Courses DS-40

Our comprehensive training courses normally quickly pay for themselves through the improvement in efficiency generated by the knowledge of achieving the best results from the correct equipment, media choice and set-up.

LOCATION

Courses are normally at our training facilities in Manchester but can be at the customers premises.

SHOTBLASTING TRAINING COURSES – DESCRIPTION

- Trainees learn the most efficient selection and use of equipment.
- All courses incorporate essential Safety Instruction.
- All Trainees Receive a Certificate of Attendance.
- Courses can be run for Minimum 3 People up to Maximum 8.
- Bespoke courses can be arranged to meet customers specific needs, covering particular topics or equipment.
- Questions will be encouraged at any time, including site specific queries. Attendees will be shown an overview of alternative types of equipment including common problem solving.
- The emphasis will be on safe operation and good housekeeping at all times.
- Our training courses are attended by both operatives completely new to the industry or by experienced blasters and painters who need a refresher course.
- All Course Dates are planned to suit customer requirements.
