RPB T150 Series Air Fed Mask

The selection and use of the correct Personal Protective Equipment is essential to effectively protect users from risk by creating a barrier against workplace hazards.

The RPB T150™ supplied air respirator is an ergonomically designed full face respirator offering superior comfort and functionality.

Suitable for a wide range of industries and applications. From chemical stripping to spray painting and coating applications, the T150™ offers workers superior comfort, vision and safety.

T150 Mask, Hose,
& Belt Mounted Regulator (not shown)

FEATURES :

- Ergonomically designed Full Face Respirator gives comfort and functionality
- Polycarbonate construction is robust and lightweight
- Panoramic lens offers users an unobstructed view of their surroundings.
- Innovative air flow design provides an anti-fog barrier, ensuring the lens stays clean and clear
- To prolong the respirator's lifespan, the T150™ is subjected to an anti-fog, anti-scratch and anti-acid treatment.
- Soft face seal guarantees a perfect fit and seal.
- Optional Peel Off protective lenses protect the main lens from overspray.

REQUIREMENTS:

- Requires a suitable compressed air supply of breathable quality in accordance with EN12021 and of flow rate at the belt of 170 - 425 litres / minute.
