## Heavy Duty Suction Blast Cabinet

Our Heavy Duty Suction Blast Cabinets are designed and built for a wide range of industrial uses. This all-in-one blast cabinet includes an injection blast system, blast media reclaimer and pulse cleaned cartridge dust collector.

1. Dual Florescent lighting for a clear view of the interior
2. Durable pneumatic controls
3. Large cartridge dust extractor with automatic reverse jet cleaning
4. Cyclone reclaimer unit with access door and removable screen

### APPLICATIONS

Abrasive suction applications including rust and coating removal, cleaning, deburring, deflashing, finishing, peening and decorating. Built for long lasting industrial use for operation with fine or light abrasives.

### FEATURES

All-welded blast cabinet, ready to use assembled with media recovery hoses, abrasive metering valve, transparent media delivery hose, air hose, GX manual blast gun with GXT-8 tungsten carbide nozzle, lined rubber gloves RGS-800, pilot operated control valve, foot valve with remote control hoses, air filter with manual drain valve, cartridge dust filter, timer operated pulse jet cleaning system, safety and disposable glass window assembly.
